Dear Doris, Jenna, Sandra, Shreya, Evan, and Staff,

Thank you, you have kept me in my high heels for years! As you know, I have had injections prior to your office and suffered conscious-losing pain because of injections administered by doctors and PA's who do not take the measures Jenna, your PA, does to ameliorate any distress (both mental and physical!). I cannot emphasize the gratitude I feel knowing that her injections are painless and together with her staff, their patience makes being a patient easy and a blessing.

If anyone, like me, has experienced the pain that knee injections have caused by lesser medical staffs, I would recommend trying Joint Relief Associates of New York. They are professional, caring, and effective. I am grateful to them and give them the highest possible recommendation.

Very sincerely,

  
Donna Joannou-Kunzig
